

**Notice to Property Owners: Proposed Rate Actions by  
County of San Bernardino, Special Districts Department,  
Water/Sanitation Division, County Service Area 42 (District)**

The County of San Bernardino Board of Supervisors (Board), acting as the governing body of the District, is considering an increase in water and sewer rates for all classes of users, effective July 1, 2008. The increases are driven by increasing energy costs and water replenishment costs, both of which have risen since the last rate adjustment in 2007. Specific effects to overall costs include increases to mandated costs such as permits and compliance with regulatory agencies, as well as services provided by the County of San Bernardino Departments; general regional costs represented by increases in the Consumer Price Index; rapid increases in fuel costs; continued delinquencies in fee collections; increases in services and supplies; reduced water usage; and cost of living adjustments for staff. The Board will make its decision following a public hearing to be held Tuesday, June 17, 2008 at 10:00 a.m. at the County Government Center, 385 North Arrowhead Avenue, Board Chambers First Floor in San Bernardino, California 92415.

The proposed increase in water rates applies uniformly to residential and commercial customer classes, as outlined below. The proposed increase in sewer rates is applied to customers based on industry factors that reflect the cost for collection, treatment and disposal of the wastewater generated by each customer group. Please note that water/sewer bills will continue to be sent bi-monthly.

Rates are reviewed and recalculated annually using an intensive review process that includes use of projection models and interface with Operations, Administration and Engineering professionals. Factors to be considered include the level of revenue needed to fund current plans for future infrastructure (repair and replacement); cash flow needs; reserve requirements; anticipated operating costs; and continued integrity of service delivery and the system.

**The Public Hearing**

The public hearing will be held at the **Board's regular meeting of Tuesday, June 17, 2008 at 10:00 a.m. at the County Government Center, 385 North Arrowhead Avenue, Board Chambers First Floor in San Bernardino, California.** At the hearing, the Board proposes to adopt a resolution that establishes water and sewer increases and the charges as outlined above.

Customers may respond to proposed rate increases prior to the public hearing by filing a written protest. A valid protest must contain a description of the property (address or Assessors Parcel Number) sufficient to identify the

property, the signature of the property owner of record, or written evidence that the signer is the owner, if he or she is not named on the last tax roll.

Protests can be mailed or personally delivered to: the District Administrative Offices at 12402 Industrial Boulevard, Building D, Suite 6, Victorville, California 92395. All protests must be received by the District before the public hearing is closed. If a majority of affected property owners file written protests, the proposed rate changes will not be put into effect. Note that no more than one protest per parcel may be submitted.

**A Word About Your Water Bill**

Please note that in the District's water rate structure, the strongest impact on your water bill is the amount of water you use each day. You have the final say in lowering your bill by simply lowering the amount of water you use. District staff is available to talk with you about your specific water conservation needs.
