

Notice to Property Owners: Proposed Rate Actions by County of San Bernardino, Special Districts Department, Water/Sanitation Division, County Service Area 70 CG (District)

The County of San Bernardino Board of Supervisors (Board), acting as the governing body of the District, is considering an increase in water rates for all classes of users, effective July 1, 2009. The increased rates are set to cover full cost of operating the water district. Costs include labor, support costs, lab testing, regulatory requirements, maintenance, and CLAWA purchases. The Board will make its decision following a public hearing to be held Tuesday, June 16, 2009, at 10:00 a.m. at the County Government Center, 385 North Arrowhead Avenue, Board Chambers, First Floor, in San Bernardino, California.

The proposed increase in water rates applies uniformly to residential and commercial customer classes, as outlined below. Please note that water bills will continue to be sent bi-monthly.

Rates are reviewed and recalculated annually using an intensive review process that includes use of projection models and interface with Operations, Administration and Engineering professionals. Factors to be considered include level of revenue needed to fund current plans for future infrastructure (repair and replacement); cover cash flow needs; provide reserve requirements; cover anticipated operating costs; and ensure continued integrity of service delivery and system.
